About Me

a passionate engineering student currently in my second year of B.Tech, specializing in Artificial Intelligence. Ever since I embarked on this journey, I've been driven by a relentless curiosity to explore the realms of AI and its myriad applications.

My academic journey has equipped me with a solid foundation in mathematics,computer science, and machine learning principles. From mastering algorithms to delving deep into neural networks, I've thrived on the challenges posed by this dynamic field.

Beyond the classroom, I've actively engaged in various projects and internships to hone my skills and gain practical experience.I have attended many seminars,webinars and as well as many workshops and got certified. I'm also certified by learning technologies like Ulpath,html,css,avascript,SQL and so on.

In addition to my technical prowess, I'm deeply passionate about the ethical implications of AI technology. I firmly believe in leveraging AI for social good and strive to advocate for responsible and inclusive AI development practices.

As I continue on this exhilarating journey,

Education

2010-2020

Z.P.H SCHOOL

NANDYAL

2020-22

RAO'S JUNIOR COLLEGE

NANDYAL

BRANCH OF MATHS,PHYSICS AND
CHEMISTRY

2022-26

SVR ENGINEERING COLLEGE

NANDYAL

BRANCH OF ARTIFICIAL INTELLIGENCE

Language

English

Telugu

Hindi

Expertise

- ui/ux
- visual design
- leadership
- coaching
